#### **ABOUT OUR MICHIGAN AUTISM CENTERS**

Merakey provides Applied Behavioral Analysis (ABA) services through the Michigan Autism Waiver to children and adolescents ages birth-21 years old with an Autism Diagnosis. These services focus on skill development, maintenance of learned skills and behavioral supports.

Services at our centers in Dearborn, Flint, and Grand Rapids and within homes in the Wayne, Genesee, and Kent County communities include the following:

- Specialized Behavioral Programs with a Foundation in Applied Behavior Analysis (ABA)
- Verbal Behavior Milestones Assessment and Placement Program (VB-MAPP) and ABA Treatment Planning
- Intensive Learning and Instruction (ILI)
- Small Group Instruction (SGI)

- Transition Services
- Data-based Decision Making
- Individual and Group Parent Education and Family Training
- Initial Diagnostic Assessment (Wayne County only)

These services are designed to meet the increasingly complex challenges of children and adolescents with an Autism diagnosis providing the right supports in the most efficient, effective and evidence-based manner to enhance traditional programs.

## **ABOUT THE POSITIONS**

### **BEHAVIOR ANALYST (BCBA OR BCBA ELIGIBLE)**

Responsibilities include but are not limited to the following:

- Provides supervision to the Behavior Technicians along with supporting the individuals in our program
- Completes VB-MAPPs and assessments for new referrals, re-evaluations and parent training.
- Develops child specific program books, including activities and data collection as well as behavioral/crisis plans.
- Supports the Behavioral Technicians through implementation of the treatment goals, program book, IPOS, behavioral/crisis plans and documentation.

#### Requirements

- Master of Science in Behavior Analysis, Psychology, Special Education, or related
- Must have completed at least 3 of the 6 courses required to sit for the BCBA exam
- Must have all courses complete and be eligible to sit for the BCBA exam by 9/30/2020
- Bachelor's Degree is sufficient when coupled with current BCABA Certification
- One year of experience working with children with autism is required

### **AUTISM BEHAVIOR TECHNICIAN**

- Provides one-on-one support and assistance to a student with autism, including support and assistance in the use of medical equipment such as augmentative communication devices; activities of daily living; and monitoring health and behavior.
- Providing one on one ABA therapy for children with autism either at home or in our ABA therapy center
- Understanding and implementation of children's program books
- Implementation of the child's IPOS, assessment goals, and behavioral/crisis plan
- Completion of required documentation; including daily behavioral and program data and parent communication
- Completion of progress notes for every billable contact
- Daily preparation for sessions

#### Requirements

- Minimum of a high school degree is required
- Associates or Bachelor's degree highly preferred
- Current RBT certification OR ability to complete 2-week at home competency-based training upon starting (paid)
- Experience working with individuals with autism either personal or professional is preferred
- Must be able to work evening hours up until 7:30 pm
- Must be willing and able to work both in the center and in client homes
- Must have reliable transportation
